

Two languages. *One coordinated campaign.*

MARKETING STRATEGY

Parque das Nações, Lisbon, Portugal

PREPARED SEPTEMBER 2026

Where the buyers *actually* are.

A residence in Parque das Nações draws two very different buyers, and they do not read the same advertisement. One is already in Portugal, lives in Lisbon, and knows the district. The other is watching Portugal from London, Paris, Zurich, or New York. Rather than compromise with a single campaign that speaks imperfectly to both, your home will be advertised twice over, in Portuguese and in English, each written for its own audience and leading to a page about your home in that same language.

TWO LANGUAGES

Every buyer sees your home described in the language they think in.

CHOSEN MARKETS

Eight places selected for their record of sending buyers to Lisbon.

REPORTED TO YOU

A full account of where your home appeared and how buyers responded.

Thirty days, *two languages*.

30

DAYS

Over thirty days, your home will be placed in front of buyers sixty thousand times across eight markets, divided evenly between the two languages. Twenty advertisements have been prepared for it, ten in Portuguese and ten in English, so that your home is presented properly on every screen it reaches.

One home, *two audiences*.

PARQUE DAS NAÇÕES · €4,500,000

The two run side by side, on the same dates, as a single effort. They never overlap: Portugal sees only the Portuguese campaign, and every other market only the English one, so no buyer is shown your home twice and nothing is spent reaching the same person again.

	IN PORTUGUESE	IN ENGLISH
WHO IT REACHES	Buyers already living in Portugal	Buyers abroad, in Europe and the United States
WHERE IT RUNS	Portugal, nationwide	Five European countries and two American cities
HOW BUYERS ARE FOUND	By where they are, on quality sites read across Portugal	By where they are, and by whether they are actively looking for property
WHERE IT LEADS	A page about your home, in Portuguese	A page about your home, in English
HOW OFTEN SHOWN	30,000 times	30,000 times

The right buyers live in the *right places*.

A home in Lisbon is bought from abroad as often as from home. The English campaign concentrates on five Northern European countries and two American cities where international buyers of Lisbon property are most often found. The Portuguese campaign covers the domestic market in full.

MARKET	LANGUAGE	COVERAGE
Portugal	Portuguese	Nationwide
United Kingdom	English	Nationwide
France	English	Nationwide
Switzerland	English	Nationwide
Germany	English	Nationwide
Netherlands	English	Nationwide
New York	English	City
Miami	English	City

Together the eight cover both sides of the market for a home like yours: the buyer already in Lisbon, and the buyer abroad who is looking toward it.

One home. *Every screen.*

Each language has a full set of ten advertisements, built in the sizes that appear on desktop computers, tablets, and telephones, so your home looks right wherever a buyer happens to see it. Every one carries the price in euros and leads to a page about your home in the language it was written in.

From here to *launch*.

The strategy is settled and the advertisements for your home are prepared. What follows is straightforward, and both languages begin on the same day.

01	YOUR PROPERTY PAGES	A dedicated page for your home, one in Portuguese and one in English. These are where every advertisement leads.
----	---------------------	--

02	LAUNCH	Once both pages are live, the campaign begins. Portuguese and English start together on the same day.
----	--------	---

03	YOUR REPORT	At the close of the thirty days you receive a full account of where your home appeared and how buyers responded.
