MARKETING STRATEGY

3 Lambton House, Imperial Park, Windsor

PREPARED SEPTEMBER 2026

Precision over *volume*.

Your home is not advertised everywhere. It is advertised where it matters. A riverside duplex on the Thames at Windsor, moments from Eton High Street, is bought by a particular kind of buyer. Many are already in the United Kingdom, moving out from London or up from the Home Counties. Others are abroad, drawn to this stretch of the river by Eton and by Windsor itself. The campaign therefore runs in two parts, one at home and one abroad, so each audience is approached on its own terms.

TWO AUDIENCES

One campaign at home in the United Kingdom, one for buyers abroad.

CHOSEN MARKETS

Six markets selected for their record of producing buyers for Windsor and the Thames Valley.

TAILORED CREATIVE

Six advertisements built for this apartment, one in each standard size, for every screen.

REPORTED TO YOU

A full account of where your home appeared and how buyers responded.

DAYS

Over thirty days your home will be advertised across six markets, at home in the United Kingdom and abroad in North America, Europe, the Middle East and Asia. Six advertisements have been built for it, one in each standard size, each a short film of the apartment and the river with a still gallery behind it.

One home, *two audiences*.

3 LAMBTON HOUSE · £2,150,000

The two run side by side, on the same dates, as a single effort. One reaches buyers already in the United Kingdom; the other reaches those looking toward Windsor from abroad. They do not overlap, so nothing is spent showing one buyer the same home twice.

The right buyers live in the *right places*.

Windsor draws buyers from well beyond the Thames Valley. The domestic campaign covers the United Kingdom in full, where most buyers for a home of this kind are found. The international campaign concentrates on the places that send families to Eton and Windsor year after year: the Gulf, the financial centres of Asia, Switzerland and New York.

The work, as buyers *will* see it.

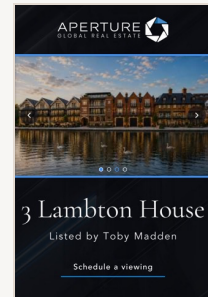

Six advertisements, one in each standard size, built for desktop, tablet and telephone. Each is a short film of the apartment and the river, carrying the address and a single invitation to arrange a viewing.
