MARKETING STRATEGY

Priory Walk, Kensington, London SW10

PREPARED SEPTEMBER 2026

Precision over *volume*.

Your home is not advertised everywhere. It is advertised where it matters. A rebuilt freehold house on a Kensington side street is bought by a small number of people, and they are not all in London. Some are already here. Others are watching London from New York, Dubai, Geneva and Hong Kong. The campaign therefore runs in two parts, one at home and one abroad, so each audience is approached on its own terms rather than through a single compromise.

TWO AUDIENCES

One campaign at home in the United Kingdom, one for buyers abroad.

CHOSEN MARKETS

Nine markets selected for their record of producing buyers for prime central London.

TAILORED CREATIVE

Twelve advertisements built for this house, in six sizes, for every screen.

REPORTED TO YOU

A full account of where your home appeared and how buyers responded.

DAYS

Over thirty days your home will be advertised across nine markets, at home in the United Kingdom and abroad across North America, Europe, the Middle East and Asia. Twelve advertisements have been built for it, six sizes each produced twice, once as a moving carousel of the house and once as a short film.

One home, *two audiences*.

PRIORY WALK · £8,500,000

The two run side by side, on the same dates, as a single effort. One reaches buyers already in the United Kingdom; the other reaches those looking toward London from abroad. They do not overlap, so nothing is spent showing one buyer the same house twice.

	AT HOME	ABROAD
WHO IT REACHES	Buyers already living in the United Kingdom	Buyers in North America, Europe, the Middle East and Asia
WHERE IT RUNS	The United Kingdom, nationwide	Eight markets across four regions
HOW BUYERS ARE FOUND	By where they are, and by whether they are actively looking for property	By where they are, and by whether they are looking at property outside their own country
WHERE IT LEADS	A dedicated page for your home	A dedicated page for your home

The right buyers live in the *right places*.

London's finest houses are bought from abroad as often as from home. The domestic campaign covers the United Kingdom in full. The international campaign concentrates on the cities and countries that have long sent buyers to Kensington and Chelsea: the American coasts, Western Europe, the Gulf, and the financial centres of Asia.
